SKILLS

Excel
MY SQL
Python For Data Science
Tableau
Power BI
Machine Learning
Deep Learning
Generative AI
NLP
Time Series Analysis
Power Apps

STRENGTHS

- Quick Learner
- Good Team Player
- Communication Skill
- Time Management Skill
- Analytical Skill
- Problem Solving Skill
- Adaptability Skill
- Ability to cope up with different situation

PROFILE SUMMARY

Dynamic Data Science professional with proven expertise in statistical modeling, machine learning, and generative AI. Skilled in tools like Python, SQL, Power BI, and Tableau, with hands-on experience in fine-tuning LLM's like GPT-4 and Llama3, as well as crafting impactful dashboards using Tableau and Power BI. A proactive learner and a collaborative team player, I aim to drive business impact through advanced data analysis and AI-driven insights.

ACADEMICS

B. Tech (Electrical Engineering) Aug 2015 – Jul 2019
College Of Engineering and Management, Kolaghat
CGPA – 7.37/10

Higher Secondary May 2013 – Mar 2015
Uttarpara Govt. High School, Hooghly
Pure Science
Percentage – 70%

Secondary Apr 2002 – Apr 2013
Hindu School, Kolkata
Percentage – 77.57%

WORK EXPERIENCE

Associate Data Engineer Nov 2024 – Present
BugendaiTech Pvt. Ltd.

Associate Developer – Data Science Mar 2024 – Oct 2024
BugendaiTech Pvt. Ltd.

Key Competencies:

- **Generative AI Modelling:** Demonstrated proficiency in fine-tuning LLMs, including Llama3, GPT-3.5 Turbo, and GPT-4, Stable Diffusion to address and solve intricate business problems.
- **Power Apps Development:** Developed Internal Power Apps for BugendaiTech Data Science Team.

I declare that all the facts given above are genuine to the best of my knowledge and belief.

HOBBIES

- Cooking
- Watching Football
- Reading about new technologies

LANGUAGES

- English
- Bengali
- Hindi

Data Science Intern

Jun 2023 - Feb 2024

BugendaiTech Pvt Ltd

- Generative AI Modelling | Data Visualization | Machine Learning

CERTIFICATION

Azure AI Fundamentals <div>Microsoft</div> <u>Certificate</u> <ul style="list-style-type: none">● Building Azure AI solutions, rich search experiences, and generative AI apps that combine large language models with enterprise data.	Dec 2024 - Dec 2024
Salesforce - AI Associate <div>Salesforce</div> <u>Certificate</u>	Dec 2024 - Dec 2024
Generative AI with Large Language Models <div>DeepLearning.AI</div> <u>Certificate</u>	Dec 2023 - Dec 2023
Power BI Masterclass <div>Udemy</div> <u>Certificate</u> <ul style="list-style-type: none">● Learned Basics of Power BI.	Feb 2023 - Feb 2023
Advance PGP In Data Science & Machine Learning <div>NIIT- Stack Route</div> <u>Certificate</u>	Sep 2022 - Mar 2023

PROJECT DETAILS

Project Planning Generator Application <div>Build a Generative AI model that can generate detailed project plan based on the project description prompt given by user.</div>	Sep 2023
Data Science Fields Salary Analysis <div>Conducted geospatial and predictive analysis to identify salary trends in Data Science fields, visualizing key factors affecting salaries across regions.</div>	Jun 2023
Amazon Product Review Analysis <div>Performed sentiment analysis and customer segmentation to predict product performance and customer sentiment trends using machine learning & time series models.</div>	Jan 2023

I declare that all the facts given above are genuine to the best of my knowledge and belief.
